

Jeopardy: How to play

1. Set the PPT slide out of “Slide Show” mode to allow you to drag the squares around on-screen.
2. Divide the class into 2 teams
3. Teams take turns to choose a square.
4. For a correct answer, the team is awarded the number of points on the square.
5. If the team selects a square with a red circle, their total score goes to zero.
6. The current set-up is to practise verb and noun collocations, but the same format can be used to practise any grammar or vocab structures by editing the words on the slide.

Match the verbs to the nouns:
